SERENITY
READY TO WEAVE
COLLECTION

SERENITY READY TO WEAVE COLLECTION

This striking new collection can be recoloured from any one of our standard palettes, woven, and on its way to you within just 4 weeks.

Showcasing our new palette, Serenity, this is a subtle, almost delicate collection, inspired by nature. It brings together geological themes, floral elements and organic textures, brought to life in this contemporary palette. Serenity features warm neutrals, soft pinks, oceanic blues, sunshine yellows and earthy greens.

Offering real creativity, you can choose colourways from any of our 3 standard palettes, shown overleaf; as long as all your colours are from the same palette.

Woven in a quality of your choice to accommodate the traffic of the areas you are carpeting, these carpets are woven to order in the commercial gold-standard 80% wool, 20% nylon yarn, in our Wiltshire factory.

Get in touch to discuss your project.

Technical Specification

Environmental Credentials

We're dependant on the sheep and the grass they graze across this country, so it just makes sense to look after our environment. In recognition of our efforts, we're ISO 14001 and BREEAM Certified.

Sail Safe

For marine applications, have confidence that we're Wheelmark Approved.

- IMO and US Coast Guard Certified
- IO Resolution A653 (16)
- IMO Resolution MSC 61 (67) Annex part 2 and Annex 2
IMO Resolution MSC 61 (67) Annex Part 5 and Annex Part 2

Flammability

Our carpets have passed Radiant Panel ISP 9239-1.

Pile and Backing

Our yarn is woven from 80% wool and 20% nylon, providing the optimum blend of comfort, sound & heat insulation, spring-back-ability and long lifetime value. The backing's a sturdy blend of jute, polyester and polypropylene, woven as an integral part of the carpet weaving process, making our carpets uncommonly durable even in heavy contract applications.

Quality

The number of rows per inch gives different quality of carpet, suited for differing levels of use:

- 7 row: Medium contract
- 8 row: Heavy contract
- 9 row: Heavy contract
- 10 row: Very heavy contract.

Environmentally responsible production

This brochure has been responsibly produced in the UK. Printed on FSC® certified paper, using fully sustainable, vegetable-oil based inks, power from 100% renewable resources and waterless printing technology. Print production systems registered to ISO 14001, ISO 9001 and over 97% of waste is recycled.
